

# Angry Verd-i Style

Michael Winikoff

January 4, 2015

- Lacrimosa (B $\flat$  minor) ... Doh a dear (sound of music) still in B $\flat$  minor ... shift to swan lake from the scale then ...
- Rach variation intro ... Rach theme ... shift to angry birds (D $\flat$ ) ... Lacrimosa (Verdi) F-G $\flat$ -F-E $\flat$  / F (shift to B $\flat$ -major)
- Let it be ... then superimpose *let it go* and move to animated bit (use repeated chords to start the *Dies Irae*)

- Dies Irae! → oom-pah ... + Brahms
- Dies Irae oom-pa, shift to mission impossible

- four repeated Gs (same tempo) and start Gangnam style (interspersed with Verdi Dies Irae descending scales)
- Finish with Dies Irae rendition

other ideas:

Angry birds - last bit with three knocks shift to Beethoven 3rd (last movement)
